Object-Oriented Programming

Database Management

Application Security

Performance Optimization

Code Refactoring

Cross-Functional Collaboration

# VISHNU T

Targeting a challenging role in the IT sector to leverage my expertise in Software Development & Java Development. Eager to apply the knowledge and over 6 months of experience to contribute to the success of a dynamic financial organization.

## PROFILE SUMMARY

- Offering 6 months of comprehensive knowledge in Software Development, specializing in Java/J2EE technologies.
- Currently looking for a Software Developer role to demonstrate proficiency in researching, designing and implementing software programs, along with testing and evaluating new programs.
- Possess a robust skill set encompassing Java, Spring Boot, Rest API, Hibernate, MySQL, and more.
- Recognized for independently developing new components based on design specifications and proposing enhancements to existing codebase functionality and performance.
- Proven track record of collaborating on client frameworks to implement caching and create reusable components, showcasing adaptability and innovative problem-solving abilities.

## WORK EXPERIENCE

### Intern – Zealous | October 2022 to March 2023

- Spearheaded the research, design, implementation, and management of software programs, ensuring the delivery of user-centric applications.
- Evaluated and tested new programs, identifying areas for modification and subsequently developing efficient code to enhance operational practicality.
- Prioritized client requests and validated insurance information securely using multiple tools, showcasing a commitment to data security and accuracy.
- Independently developed new components based on design specifications, demonstrating a proactive approach to problem-solving and innovation.
- Proposed and implemented enhancements to the existing codebase, optimizing functionality and performance to meet evolving business needs.
- Collaborated on client frameworks to implement caching and create reusable components, contributing to the development of scalable and efficient solutions.

## TECHNICALS SKILLS
